1. The Pahnbetriebswerk fuer Wagen (Railroad Maintenance Shop for Cars)
(Bww) in Frankfurt/Oder has been converting boxcars by order of the
SCC. The cars have been equipped for the shipment of personnel at the
rate of 20 to 25 cars a day since 28 July 1950. The collection points
of the converted boxcars have not been determined. *

25X1A * [REDACTED] Comment. Information on the procurement and storing of special
equipment adequate for the conversion of approximately 7,000 cars was
25X1A previously reported. [REDACTED] Whether this conversion will
be restricted to the Frankfurt/Oder Bww (large repair shop) is not known.
Also it is not clear whether the reported equipment of boxcars is a
precautionary measure or whether it is connected with large-scale
transportation operations, probably expected only for the period at the
end of maneuvers.
